## Product highlights

### Power blocker

*This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present*

### 6 child-safe outlets

*Safety slides provide a protective barrier that block the outlet so small objects cannot get in. Keeps children safer.*

### V3 Advanced Surge Technology

*This new surge protection technology provides 27% greater surge protection capacity and better heat dissipation for safe, more reliable and longer lasting surge protection.*

### 4 ft power cord

*Provides power to the unit which can be 4 feet from the AC outlet.*

### Right angle plug

*This flat design allows for more positioning options and lets furniture sit more closely to the wall.*

### Protection indicator light

*This LED alert lights up to indicate the surge protector is working properly.*

### \$150,000 equipment warranty

*Protects your connected equipment for the life of the product.*
